Notes: Spending breakdowns by program area are available at http://www.stimulus.sc.gov/projects/. Further spending details for individual grants and projects are available in the Stimulus Expenditure reports posted on this page, sorted by agency, purpose, or vendor.

Contract/Grant details provided in these reports include recipient name, award amount and brief project description, but not jobs data or information on portion of project completed. Some agency reports listed on this page under the South Carolina Impact section provide county-by-county spending breakdown information, but since this information is limited and inconsistently available, no points are awarded.

No recipient jobs data are posted.

There is a static map PDF file showing Department of Transportation-approved projects at http://www.stimulus.sc.gov/projects/, but no points are awarded because of its limited scope. Also, the map does little more than show rough color-coded lines and dots to indicate different categories of transportation projects.

The search box covers the main state website SC.gov but does not include ARRA data, making it ineligible for points.
