Notes: Hawaii's Recovery Act website is difficult to navigate. It is cluttered and lacks a clear organization of information. Much of the information is hard to find because it is posted on PDF or PowerPoint documents rather than the main web pages.

Summary of agency-specific spending is displayed here: <https://hawaii-arrs.dabbledb.com/page/arra2/MYJmIUAN#>

Summary of program specific spending is displayed here: <https://hawaii-arrs.dabbledb.com/page/arra2/RgVfnECo#>

A PDF that leads one to believe it will display job creation is posted but contains no data and was created before the first round of Recovery Act reporting was collected: <http://hawaii.gov/gov/recovery/jobs/ARRA-Job.pdf> Hawaii therefore does not receive points for this category.

Static maps of infrastructure spending are posted here: <http://hawaii.gov/gov/recovery/infrastructure/projects-by-county>
