Notes: Spending allocation details for both broad and narrow categories are displayed in pie charts layered over the interactive ESRI map at [http://recovery.wa.gov/map/StateStat\\_ver1\\_2/StateStatApp/index.html](http://recovery.wa.gov/map/StateStat_ver1_2/StateStatApp/index.html). County spending breakdowns are also available by scrolling over the map. Despite a check box labeled "Show Individual Projects on Map," the map (as of January 24) does not in fact display individual project information, thus depriving the state of points in our mapping category.

A variety of information is available under the website's Follow the Money tab at <http://recovery.wa.gov/map/default.asp>, including a statewide jobs total and links to PDF county profiles with spending details.

The Follow the Money tab also features a subsection called the Download Center that contains links to spreadsheets with project details and jobs data. The spreadsheet "All Awards With Descriptions" at [http://recovery.wa.gov/documents/download/Awards\\_by\\_Description.xls](http://recovery.wa.gov/documents/download/Awards_by_Description.xls) provides descriptions and jobs data for individual projects. However recipient name, project location and status are not listed, only the award number. Award numbers listed in this document can be matched to the other spreadsheets which do include recipient name and location by county.

The search box does not cover grant and contract data.
