Notes: Spending allocations by broad and narrow categories are available from the home page under the Funding tab in a searchable PDF file called "Award Funds by Category - October '09 Amended." Contract/Grant details and Jobs data for individual projects are also provided in this report, including award amount, sub-award amounts by category, somewhat descriptive project names, and job totals, but not recipient names, full project description, or project status; see [http://stimulusaccountability.ga.gov/vgn/images/portal/cit\\_1210/59/20/151286681Award%20Funds%20by%20Category%20-%20October%20%2709%20Amended%202.pdf](http://stimulusaccountability.ga.gov/vgn/images/portal/cit_1210/59/20/151286681Award%20Funds%20by%20Category%20-%20October%20%2709%20Amended%202.pdf).

Contract/Grant details for individual projects are also available in a downloadable Excel file, "Local ARRA Projects (Sub-recipients) - October '09 Amended," found under the Funding tab at [http://stimulusaccountability.ga.gov/00/channel\\_modifieddate/0,2096,134245182\\_144215947,00.html](http://stimulusaccountability.ga.gov/00/channel_modifieddate/0,2096,134245182_144215947,00.html). This file provides sub-recipient name, ten-digit recipient zip codes, and award amounts, but no jobs data, project descriptions, or project status.

Statewide job numbers are presented on the home page.

Spending allocations by county are provided through an ESRI map, which is linked from the home page, but is actually located on a separate website at <http://www.itos.uga.edu/statestatapp/>. The map displays county-by-county overall and category totals, which link to more detail on individual projects within each county. The exact location of individual projects is not indicated. If you select to have individual projects displayed, each county receiving funding turns varying shades of red, but no actual project locations are pinpointed.

The search function covers the data contained in the PDF and Excel files posted under the Funding tab.
